

PRODUCT CATALOGUE KATALOG PRODUK

EDITION 1

DAFTAR ISI

TABLE OF CONTENTS

GOAT & SHEEP

1111 - Sheep & Goat Feedlot Fattening	1
2222 - Dairy Goat Lactation	2

CATTLE

3333 - Beef Cattle Feedlot Fattening	3
4444 - Dairy Cattle Lactation	4

CHICKEN

5555 - Broiler Chicken Fattening	5
6666 - Layer Chicken Laying	6

1111 Penggemuk | Fattening

Advantage

- Performance focuse feedlot formula for better muscle and body condition during fattening
- Supports steadier intake and gut stability for improved nutrient use.
- Enriched with balanced vitamins and minerals to support animal health and structural strength during fattening.

Kelebihan

- Formula feedlot berfokus prestasi untuk otot dan kondisi badan semasa penggemukan.
- Menyokong pengambilan makanan stabil dan kestabilan usus untuk penggunaan nutrien lebih baik.
- Diperkaya dengan vitamin dan mineral seimbang untuk menyokong kesihatan ternakan serta kekuatan struktur badan semasa penggemukan

Ingredient

Palm Kernel Expeller Meal, Maize, Soybean Meal, Grain By-Products, Enzyme, Multimineral (Iron, Zinc, Iodine, Cobalt, Manganese, Selenium), Multivitamin (Vitamin A, Vitamin D3, Vitamin E) Choline Chloride, Sodium Humate, Sodium Bicarbonate, Antioxidant, Antimould, Mycotoxin Binder, Pellet Binder, Salt, Yeast Culture, Calcium, Dicalcium Phosphorus, Molasses...

Feed Form

- P-Pellet

Package Weight

- 25 KG/Bag

Nutrition	As Dry Matter
Product Code	1111
Phase	Fattening
Crude Protein [Minimum]	15%
Crude Fiber [Minimum]	10.00%
Crude Fat [Minimum]	3.00%
Calcium [Maximum]	1.00%
Phosphorus [Maximum]	0.50%

2222 Laktasi | Lactation

Advantage

- Formulated to support sustained milk production and adequate energy supply for dairy goats throughout the lactation period
- Balanced protein and fiber levels help maintain rumen stability and consistent feed intake during demanding lactation stages
- Fortified micronutrients support metabolic stability and stress tolerance, helping lactating does maintain performance and body condition

Kelebihan

- Dirumus untuk menyokong pengeluaran susu berterusan serta bekalan tenaga mencukupi bagi kambing tenusu sepanjang tempoh laktasi
- Protein dan serat seimbang membantu mengekalkan kestabilan rumen serta pengambilan makanan konsisten semasa fasa laktasi
- Mikronutrien diperkaya menyokong kestabilan metabolik dan toleransi tekanan, membantu induk laktasi mengekalkan prestasi

Ingredient

Palm Kernel Expeller Meal, Maize, Soybean Meal, Grain By-Products, Enzyme, Multimineral (Iron, Zinc, Copper, Iodine, Cobalt, Manganese, Selenium), Multivitamin (Vitamin A, Vitamin D3, Vitamin E) Choline Chloride, Sodium Humate, Sodium Bicarbonate, Antioxidant, Antimould, Mycotoxin Binder, Pellet Binder, Salt, Yeast Culture, Calcium, Dicalcium Phosphorus, Molasses...

Feed Form

- P-Pellet

Package Weight

- 25 KG/Bag

Nutrition	As Dry Matter
Product Code	2222
Phase	Lactation
Crude Protein [Minimum]	16%
Crude Fiber [Minimum]	10.00%
Crude Fat [Minimum]	3.00%
Calcium [Maximum]	1.10%
Phosphorus [Maximum]	0.55%

3333 Penggemuk | Fattening

Advantage

- Specifically formulated for beef feedlots to support optimal finishing performance and desirable carcass development during fattening
- Controlled fiber levels with buffering support help maintain rumen stability and feeding consistency under intensive feedlot systems
- Fortified with essential vitamins and minerals to support metabolic health, skeletal integrity, and resilience during finishing

Kelebihan

- Dirumus khas untuk sistem feedlot lembu bagi menyokong prestasi penggemukan optimum dan pembentukan karkas yang dikehendaki
- Tahap serat terkawal dengan sokongan penimbal membantu mengekalkan kestabilan rumen dan konsistensi pemakanan dalam sistem feedlot intensif
- Diperkaya dengan vitamin dan mineral penting untuk menyokong kesihatan metabolik, integriti rangka, dan daya tahan semasa fasa penghabisan

Ingredient

Palm Kernel Expeller Meal, Maize, Soybean Meal, Grain By-Products, Enzyme, Multimineral (Iron, Zinc, Copper, Iodine, Cobalt, Manganese, Selenium), Multivitamin (Vitamin A, Vitamin D3, Vitamin E) Choline Chloride, Sodium Humate, Sodium Bicarbonate, Antioxidant, Antimould, Mycotoxin Binder, Pellet Binder, Salt, Yeast Culture, Calcium, Dicalcium Phosphorus, Molasses...

Feed Form

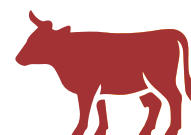

- P-Pellet

Package Weight

- 25 KG/Bag

Nutrition	As Dry Matter
Product Code	3333
Phase	Fattening
Crude Protein [Minimum]	15%
Crude Fiber [Minimum]	10.00%
Crude Fat [Minimum]	3.00%
Calcium [Maximum]	8.00%
Phosphorus [Maximum]	0.45%

4444 Laktasi | Lactation

Advantage

- Formulated to support sustained milk production and adequate energy supply for dairy goats throughout the lactation period
- Balanced protein and fiber levels help maintain rumen stability and consistent feed intake during demanding lactation stages
- Fortified micronutrients support metabolic stability and stress tolerance, helping lactating does maintain performance and body condition

Kelebihan

- Dirumus untuk menyokong pengeluaran susu berterusan serta bekalan tenaga mencukupi bagi kambing tenusu sepanjang tempoh laktasi
- Protein dan serat seimbang membantu mengekalkan kestabilan rumen serta pengambilan makanan konsisten semasa fasa laktasi
- Mikronutrien diperkaya menyokong kestabilan metabolik dan toleransi tekanan, membantu induk laktasi mengekalkan prestasi

Ingredient

Palm Kernel Expeller Meal, Maize, Soybean Meal, Grain By-Products, Enzyme, Multimineral (Iron, Zinc, Copper, Iodine, Cobalt, Manganese, Selenium), Multivitamin (Vitamin A, Vitamin D3, Vitamin E) Choline Chloride, Sodium Humate, Sodium Bicarbonate, Antioxidant, Antimould, Mycotoxin Binder, Pellet Binder, Salt, Yeast Culture, Calcium, Dicalcium Phosphorus, Molasses...

Feed Form

- P-Pellet

Package Weight

- 25 KG/Bag

Nutrition	As Dry Matter
Product Code	2222
Phase	Lactation
Crude Protein [Minimum]	16%
Crude Fiber [Minimum]	10.00%
Crude Fat [Minimum]	3.00%
Calcium [Maximum]	1.10%
Phosphorus [Maximum]	0.55%

5555 Penggemuk I Fattening

Advantage

- High energy formula designed to drive fast weight gain and strong final bodyweight.
- Supports steady daily growth from grower to finisher for more consistent flock performance.
- Promotes gut stability to improve nutrient utilization and maintain smoother growth

Kelebihan

- Formula tenaga tinggi yang direka untuk menyokong pertambahan berat yang cepat dan berat akhir yang tinggi
- Menyokong pertumbuhan harian yang stabil dari grower ke finisher untuk prestasi kumpulan yang lebih konsisten
- Menggalakkan kestabilan usus untuk meningkatkan penggunaan nutrien dan mengekalkan pertumbuhan yang lebih

Ingredient

Maize, Soybean Meal, Grain By-Products, Amino Acid (Lysine, Methonine, Threonine), Enzyme, Multimineral (Iron, Copper, Zinc, Iodine, Cobalt, Manganese, Selenium), Multivitamin (Vitamin A, Vitamin D3, Vitamin E, Vitamin C, Vitamin K3, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin B12, Biotin, Folic Acid, Niacin) Choline Chloride, Sodium Humate, Sodium Bicarbonate, Antioxidant, Antimould, Mycotoxin Binder, Pellet Binder, Salt, Phytomolecules, Probiotic, Calcium, Dicalcium Phosphorus, Molasses, Oil...

Feed Form

- P-Pellet

Package Weight

- 25 KG/Bag

Nutrition	As Fed
Product Code	5555
Phase	Fattening
Crude Protein [Minimum]	20%
Crude Fiber [Minimum]	3.00%
Crude Fat [Minimum]	4.00%
Calcium [Maximum]	1.00%
Phosphorus [Maximum]	0.50%

6666 Bertelur | Laying

Advantage

- 18% protein layer formula to support steady egg production and good body condition.
- Optimized Calcium and Phosphorus (Ca up to 4.5%, P up to 0.45%) for stronger shells and fewer cracked eggs.
- Supports consistent feed intake and nutrient use to maintain laying persistency and flock uniformity.

Kelebihan

- Formula fasa bertelur dengan 18% protein untuk menyokong pengeluaran telur yang stabil dan kondisi badan yang baik.
- Kalsium dan fosforus yang dioptimumkan (Ca sehingga 4.5%, P sehingga 0.45%) untuk kulit telur lebih kuat dan kurang telur retak.
- Menyokong pengambilan makanan yang konsisten dan penggunaan nutrien yang lebih baik bagi mengekalkan persistensi pengeluaran serta keseragaman kumpulan

Ingredient

Maize, Soybean Meal, Grain By-Products, Amino Acid (Lysine, Methonine, Threonine), Enzyme, Multimineral (Iron, Copper, Zinc, Iodine, Cobalt, Manganese, Selenium), Multivitamin (Vitamin A, Vitamin D3, Vitamin E, Vitamin C, Vitamin K3, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin B12, Biotin, Folic Acid, Niacin) Choline Chloride, Sodium Humate, Sodium Bicarbonate, Antioxidant, Antimould, Mycotoxin Binder, Pellet Binder, Salt, Phytomolecules, Probiotic, Calcium, Dicalcium Phosphorus, Marigold Extract, Molasses, Oil...

Feed Form

- P-Pellet

Package Weight

- 25 KG/Bag

Nutrition	As Fed
Product Code	6666
Phase	Laying
Crude Protein [Minimum]	18%
Crude Fiber [Minimum]	3.00%
Crude Fat [Minimum]	3.00%

Phosphorus [Maximum]	0.45%

We are NOZO

NOZO is an animal nutrition and feed manufacturing company with a strong position in the development and production of high performance feed systems for poultry, ruminants, small ruminants and specialty livestock.

Our expertise spans precision formulation, feed technology, and performance driven nutritional solutions designed to support growth, health, and efficiency across all stages of production.

NOZO's product lines include complete feeds, concentrates, pre-mixes, performance enhancers, and functional additives that strengthen growth, improve gut health, enhance feed conversion, and ensure consistent results on farms.
